 - Jim Hodges, George Honsch, & Charles Pasmore present.

Minutes:

- Jim Hodges read the minutes of 6/9/04.
 - Accepted by Charles Pasmore & George Honsch.

Old Business:

- John Sheridan's Rag Wing has a new Rotax 503 installed.
- Bob Streeter has a 447 rebuilt "0" time engine.
- Ethan lost the court case. The tow truck company was onsite for 4 hrs. The D.O.T. told the tow truck company that the plane was totaled and to take it away. Ethan said that the D.O.T. personnel new nothing about Ultralight vehicles. Sorry Ethan – Big corrupt politically connected companies 1 – little guys 0.

New Business:

- Bob Streeter's tent is back up and the Ultralight area is looking good.
- Kieran's Chinook is up and flying – way to go Kieran.
- Young Eagles Day was a big success. 175 kids went up for a free flight. There were eight or nine pilots flying.
- It was brought up that all planes need two forms of locks. Any combination can be used: ignition key, door lock, prop lock, or chained to the ground.
- USUA has announced on its web site that they are looking for volunteers that will work with NTSB on Ultralight accidents. George Honsch is looking into volunteering.
- Tibor and Frank flew there planes out to the Father's Day fly-in. Jim Hodges trailered his plane out and got about 4+ hours in the air. Will Phelps and George Honsch were also in attendance. We watched part of Will's video from the fly-in.

Other Business:

- Tibor brought to our attention the fact that there is unauthorized remote control helicopter activity in the Ultralight field. Watch out for them. They have parked there vehicles on the runway.

Next Meeting:

- The next meeting is Wednesday August 11, 2004 / 7:00 pm at the Ultralight area.

Amen,
Charles Pasmore
